## Suggestions for games

### **Among us**

Play online with 4-10 players as you attempt to prep your spaceship for departure, but beware as one will be an imposter bent on killing everyone! Crewmates can win by completing all tasks or discovering and voting the imposter off the ship. The imposter can use sabotage to cause chaos, making for easier kills and better alibis.

*To play, download the App in the AppStore or PlayStore.*

### **Codenames**

Two teams compete by each having a “spymaster” give one-word clues that can point to multiple words on the board. The other players on the team attempt to guess their team’s words while avoiding the words of the other team.

### **Name, place, animal, thing**

To play, pick a letter. Each player has to list a famous person's name, a place, an animal, and a thing that begins with that letter. The first person to finish wins!

*All you need is a pen and a piece of paper.*

### **Trivia**

Don't let those trivia skills fall by the wayside! You can still practice them while social distancing. To play trivia on Zoom, open this random trivia generator and start asking questions. Have each person send their answer in the Zoom chat at the same time (or just use the honors system).
